Expo - A Platform for Scaling AI from Prototypes to Real-World Solutions

Registrations on for India AI Impact Expo 2026

Posted On: 03 FEB 2026 6:01PM by PIB Delhi

Registrations are currently on for the India AI Impact Expo 2026, a premier platform under India AI Impact Summit 2026 for scaling AI prototypes into deployable real-world solutions.

Eligible participants – Startups, enterprises, research institutions, and AI organizations can register via the official website: <https://www.impactexpo.indiaai.gov.in/exhibit-with-us>.

Once the "Exhibit with Us" Expression of Interest form is submitted by the organisation, the submissions will be reviewed and confirmed via email. The organisations will then be provided booth details, costs, and allocation in the thematic pavilions.

Hosted by the IndiaAI Mission under the Ministry of Electronics and Information Technology (MeitY), the Expo will showcase innovations driving societal and economic value, positioning India as a global hub for AI collaboration across borders and sectors.

Running from February 16-20, 2026, at Bharat Mandapam in New Delhi, the event spans over 70,000+ sqm across 10 halls, featuring 400+ exhibitors including startups, corporates, academia, research institutes, central ministries/organizations, state and country pavilions from 19+ states and 10+ nations and expecting 150,000+ attendees.

Organized into seven chakra-inspired thematic pavilions covering 40+ AI categories, the Expo emphasizes deployable AI for sectors like healthcare, climate, agriculture, education, resilience, governance, and workforce skilling.

The seven Chakra-themed Pavilions of the Expo include:

- AI for Economic Development & Social Good (public sector applications, cross-border collaboration)
- Human Capital (workforce skilling, literacy, transformation)
- Inclusion (languages, cultures, accessibility, bias prevention)
- Safe & Trusted AI (transparency, auditing, governance)
- Resilience, Innovation, Efficiency (resource-efficient AI, reduced disparities)
- Science (research acceleration, Global South collaborations)
- Democratizing AI Resources (equitable access to data, compute, models)

Key highlights of the Expo include:

- Product Demos and B2B meetings
- Networking Zones& Dedicated Lounges, facilitating collaborations
- Masterclasses and knowledge sessions by AI experts
- Sector-focused pavilions across categories such as infrastructure, digital governance, LLMs, enterprise AI, social impact etc. and
- Launches of eight new indigenous AI foundation models
