

PRESS NOTE

Digital India Talk Show organised at Dhanamanjuri University

Manipur, March 24: The National e-Governance Division (NeGD), under the Ministry of Electronics and Information Technology (MeitY), organized a Digital India Awareness Workshop - “Digital India Talk Show” in collaboration with Dhanamanjuri University, Manipur on March 24, 2026.

The event commenced with a welcome address by Prof. Ksh Birbal Singh, Dean, along with Shri Sunil Jain, NeGD and Shri Ajay Kumar, NeGD. In his address, Prof. Singh welcomed the dignitaries and emphasized the importance of the Digital India programme, encouraging students to be innovative, actively engage, and contribute towards building a digitally empowered future.

The workshop witnessed enthusiastic participation from over 200 students and faculty members, providing them with a valuable platform to learn about key Digital India initiatives and interact directly with experts from NeGD.

The sessions covered major initiatives under the Government’s flagship Digital India programme, including DigiLocker, UMANG, MyScheme, Cybersecurity, the Digital Personal Data Protection (DPDP) Act, 2023, and ABC (APAAR)-NAD. The expert-led sessions focused on enhancing awareness, highlighting real-world applications, and addressing queries from students and faculty.

To further engage participants, a Digital India Quiz was organized during the event, generating great enthusiasm among students. Winners were awarded exciting Digital India gift hampers, adding an interactive and fun dimension to the learning experience.

The event aimed to foster digital awareness among youth and educate students about India’s ongoing digital transformation journey. It also highlighted the importance of equipping young minds with the knowledge and tools required to actively participate in and benefit from Digital India initiatives.

Digital India Awareness University Workshops are an effort to ensure effective citizen engagement and communication with the youth and students who form the core of

India's future, which is filled with promising possibilities especially in the technological domain. Their objective is to empower youths to actively engage with and benefit from Digital India's transformative initiatives.
